Oregon Town Wrecked By Cloud Burst

[Associated Press Special Cable.]
PORTLAND, Oregon, June 15.—The town of Heppner, on Willows Creek, was visited by a cloudburst today that did terrific damage. The cloudburst with its accompanying flood came down without warning, and the sudden devastation was farthest from the thoughts of the hundreds of people who were swept to death in the flood.
It is estimated that fully three hundred men, women and children have been killed in the flood. One hundred and fifty injured are being cared for as best the conditions will allow. The loss of property is placed at a million dollars. Assistance is being rendered from adjoining towns.

Governor Dole Asks Consul Miki Saito

OPINION OF
Department Heads
Kahuku Japanese
H. L. M. Consul Miki Saito went to Kahuku plantation last Saturday afternoon and succeeded in arranging matters so that now all is serene and quiet at Kahuku. Consul Saito this morning kindly furnished a Bulletin reported with the exact history of the affair and the reasons which led up to it.
It appears Saturday night, June 6, one of the plantation cane fields took fire. Everything pointed to incendiary origin. On the night of June 8 another cane field took fire in the same mysterious manner. The plantation people made strenuous efforts to find who the incendiary was and finally, on June 11, a Japanese named Yamamoto, an employee on one of the irrigation pumps, was arrested on suspicion and held under investigation. The man on being questioned on various occasions gave contradictory statements concerning his whereabouts at the time of the fires.
The arrest and subsequent detention of Yamamoto stirred up a great deal of ill-feeling among the Japanese plantation employees. They did not think that Yamamoto was the guilty person. They demanded his release and finally on Monday morning every Japanese employed on the plantation, day laborers as well as those under the profit-sharing system, went on a strike. They refused to work until their countryman had been released.
Consul Saito arrived at Kahuku Saturday afternoon at about 1 o'clock. He immediately proceeded to investigate the matter and later on held a conference with Deputy Sheriff Richard Lane and Manager Adams. The result of the conference was that Yamamoto was released, the authorities agreeing that there was not sufficient evidence against Yamamoto to hold him guilty of the crime.
On Yamamoto's being released the strike was immediately ended. Yesterday the men employed in the mill went to work and today the whole force is working.

NEGRESS TRIES TO COMMIT SUICIDE

Mrs. G. Bennett Begins Day By Raising a Disturbance.

THEN TRIES TO STAB POLICE OFFICER APANA

FINALLY WHEN LOCKED UP SHE ALMOST SUCCEEDS IN HANGING HERSELF IN A CELL.

Mrs. Gordon Bennett, a muscular colored lady, who is well known to the police as a "terror," believes in celebrating the Sabbath in her own peculiar way, judging from her actions yesterday.
Mrs. Bennett started yesterday's performance officially at about 3 o'clock, at least that is the time when the police first got on her track. The following two hours she grammaled full enough of events to make a decent sized epic.
At about 3 o'clock Apana, the Chinese police officer, while riding past Viney street on a Liliha street car, noticed that some distance down the street had collected a great crowd. He jumped off the car and on arriving at the place, found that Mrs. Gordon Bennett was the cause of the excitement. That lady was standing on the veranda of the upper story of one of the Viney street detention camp houses. From this lofty stage, she was entertaining a cosmopolitan crowd with language totally unfit for publication, and with gestures which were still worse.
Apana went up on the veranda and asked Mrs. Bennett to retire to her room. She answered him in very foul language and refused to do so. Apana, however, finally got her into the room. Once there, the negress became totally unmanageable.
Bystanders warned Apana to be careful as she had a knife but as the officer could see no weapon in her hands, he laid hold of the woman to make her quiet. This came near costing him dearly.
Suddenly, Apana saw a sheath knife with a blade about five inches long flash in the woman's hand. He immediately ducked and narrowly escaped the blade, which penetrated the lapel of his coat without hurting him. Seeing that he could not manage the woman, who is very strong and who was now raging like a perfect fury, Apana sent for assistance. The patrol wagon soon arrived on the scene and in this Mrs. Bennett was conveyed to the police station. Here a charge of common nuisance was placed against her and she was locked up in a cell by herself.
For a short time nothing more was thought of Mrs. Bennett, but she soon appeared again as the chief actor in the drama. Someone in the station house yard, while passing through the corridor which runs between the station house cells, discovered Mrs. Bennett hanging by a rope tied to the bars of the cell window, facing the corridor. The alarm was immediately given. The cell door was hastily unlocked and Mrs. Bennett was cut down by the police officers.
The woman was unconscious and frothing a bit at the mouth. Water was poured over her head, her clothes

Senate and House IN CONFLICT On Baseball Field

On Friday afternoon next, Honolulu lovers of pure sport will have an opportunity to witness the legislators of the Territory down in the dust of the baseball field sliding toward second, third and home or out in the field cawing after elusive flies. It will be a great event and the proceeds will all be turned over to the lepers at Molokai for their celebration on the Fourth of July.

The challenge from the House of Representatives which was sent to the Senate a few days since, was answered this morning by President Crabbe and with the communication was submitted for the earnest consideration of the members, a list of the names of the Senate players.
Both houses will adjourn at about 3 o'clock on Friday and will forthwith proceed to the baseball park, there to fight out on the diamond the question of which is the superior body, the Senate or the House of Representatives. It is understood that resolutions compelling the members not on the teams, to attend, will be introduced in a day or so. The attendance of outsiders will certainly be large. Fifty cents a head is to be asked.
The following have been decided on as the players, the positions to be arranged later:
Senate—Prince Jonah Kaimukia, Delegate to Washington; Senator C. L. Crabbe, President of the Senate; Senators Woods, McCandless and Achille E. Crawford, Wm. Savidge, Holl Thornton and David Kama, officers of the Senate.
House of Representatives—Messrs. E. A. Knudsen, W. W. Harris, Frank Andrade, F. R. Greenwell, S. E. Kaima, Jonah Kaima, W. P. Hala, Henry Vida and S. Kellinoh.
From the make-up of the teams, the House would seem to have a little the best of it.

JOHNSONS DIVORCED

Judge Robinson this morning pronounced the divorce from her husband Caroline M. Johnson, on the ground of adultery and allowed ill-bellant to resume her maiden name, Caroline Makawala.
Further argument in reference to parties to the case in the John K. Sumner matter will be heard by the Supreme Court tomorrow morning.
Decree and order, discharging the master, Geo. A. Davis, is signed by Judge Gear in the matter of the estate of James Campbell, deceased, in re petition to pass and allow the final accounts of the executrix and executor.
Judge De Bolt admits the will of the late Geo. W. Patterson to probate and orders letters testamentary to issue to Mrs. Ida E. Patterson upon filing bond in the sum of \$1000.
Judge Gear today made an order dismissing petition of Milla Perry, mother of Kailua and Umihilihi, minors, for an order directing C. J. Holt, guardian, to show cause why he should not be compelled to render account and be removed. The court finds that Holt was not in arrears nor neglectful of the interest of the wards.
Helen Lewis Isenberg, widow of the late Otto Ernst Isenberg, elects to take under her husband's will and accepts its provisions for her in lieu of dower.
Judgment in S. M. Daumon et al. vs. F. H. Redward, defendant, and F. M. Swamy, garnishee, assumpsit, was filed in Judge De Bolt's court this morning, plaintiff recovering \$1049.51 and costs, taxed at \$19 and attorneys' fees and commissions in the sum of \$52.23, totaling \$1120.74.
The Austin vs. Holt land case continued before Judge Robinson this morning.
Argument on plea in bar in the bunched 113 Korean immigrant cases, Berger vs. Bishop, was heard in the United States District Court this morning, continuing at 1:30 this afternoon.

Electric Light Lot.
The special committee on the item, House Bill No. 2 entitled, "Purchase of Electric Light Station, Nuuanu valley," reported as follows:
"The present electric light station is upon ground owned by persons other than the Territory and leased to the Government under lease, dated November 30, 1888, for fifty years at a yearly rental of \$400, payable semi-annually in advance. Under this lease the Government has already paid some \$3,000 and will, if the lease is continued, have to pay \$400 per annum, and at the end of the term of lease turn the land over to the legal owner at that time.
"The lease covers nearly twenty-three acres of valuable land, which fortunately for the Government and the people can now be purchased for \$6,000, and we strongly recommend the passage of this item. As to whether this item should be a charge to the Territory or the County of Oahu, your committee would prefer leaving to the Legislature to determine.
